

Sunridge Dental Clinic/Skyview Ranch Dental Clinic
Consent for Treatment of Dependant Children

Due to privacy laws we are legally bound to hold in confidence personal information of our patients who have reached the age of majority but are still listed as dependants with a parent/guardian. This includes clients who are listed as dependants with their parent(s) financially with or without insurance coverage. Sunridge & Skyview Ranch Dental Clinics assume no responsibility of informing the parent/guardian of legal age patients within Alberta (18 years of age) of treatment provided, treatment deemed necessary and the cost of such treatment. This remains the sole responsibility of each client and their families.

Patients 12 years of age or under must always have a parent/guardian attend their appointments with them. This person must remain in the office during the entire duration of the appointment.

Patients 13 to 17 years of age must have written consent from a parent/guardian to attend a dental appointment without the responsible guardian present. The consent will provide approval of treatment deemed necessary for underage patients to be performed if unexpected cause should arise without consulting the guardian before treatment is rendered.

I, _____ hereby voluntarily consent to the rendering of such care including diagnostic procedures and dental treatment by the staff of Sunridge Dental Clinic and/or Skyview Ranch Dental Clinic if, in their professional judgement may be necessary to provide should I not attend visits to the clinic with my dependant(s),
_____.

I acknowledge that no guarantees have been made to me as to the effect of such examinations or treatment on the condition of my dependant and that I am responsible for all reasonable charges in connection with the care and treatment provided for my dependant.
